

BC.

ANDREJ BETÁK

STUDENT

Hello, my name is Andrej and I am student of mechanical engineering with passion in programming and 3D modeling. Right now, I am looking for opportunities where I could develop my programming skills futher.

SKILLS

CERTIFICATION

2018

SolidWorks

In the last year of my highschool study, I attended an official SolidWorks test and after successful completion I recieved the certification.

2018

§ 21

As a mechatronic student, I was able to take part in the testing for the § 21 certificate. § 21 is a certificate of professional competence in electrical engineering up to 1000V.

LANGUAGES

Slovak

Native

Czech

C2 - Proficiency

English

B2 - Upper Intermediate

German

A2 - Elementary

EXPERIENCE

Internship

2021 - present

Technical engineer

Slovenské elektrárne, a.s., Jaslovské Bohunice, Slovakia

- Projects
- 2018-2021
HTML & CSS & JavaScript
 - 2021
Fusion 360
 - 2022
Python

EDUCATION

2022

Erasmus - Mechanical Engineering (Automation)

University of Porto

2021-present

Master degree in Mechanical Engineering (Automation)

University of Žilina

2018-2021

Bachelor degree in Industrial Engineering

University of Žilina

INTERESTS

- Programming
- Logistics and robotics
- 3D design and 3D printing
- Travelling
- Hiking
