ANDREJ BETÁK

STUDENT

Hello, my name is Andrej and I am student of mechanical engineering with passion in 3D modeling and programming. Right now I am looking for opportunities, where I could develop my programming skills futher.

SKILLS

CERTIFICATION

- 2018

SolidWorks

In last year of my highschool study I attend a official SolidWorks test and after successful completion I recieved a certification.
- 2018

§ 21

As a mechatronic student I was able to take part in the testing for the § 21 certificate. § 21 is a certificate of professional competence in electrical engineering up to 1000V.

LANGUAGES

- English**

B2 - Upper Intermediate
- Czech**

C2 - Proficiency
- German**

A2 - Elementary

EXPERIENCE

Internship

2021 - present

Technical engineer

Slovenské elektrárne, a.s., Jaslovské Bohunice, Slovakia

- Projects
- 2018-2021

HTML & CSS & JavaScript
- 2021

Fusion 360
- 2022

Python

EDUCATION

- 2021-present

Master degree in Mechanical Engineering (Automation)

University of Žilina
- 2018-2021

Bachelor degree in Industrial Engineering

University of Žilina

INTEREST

- Programming
- Logistics and robotics
- 3D design and 3D printing
- Travelling
- Hiking
